Professional Summary

Accomplished and detail-oriented student with a strong foundation in computer programming and software development. Proficient in a range of programming languages, including JavaScript, Python, and TypeScript. Familiar with web development frameworks such as React and Next.js. Currently pursuing a high school diploma at Technology High School in Newark, NJ.

Education

High school diploma

Technology High School Newark, NJ - Newark, NJ

September 2023 to Present

I'm currently thriving in high school, balancing academic excellence with extracurricular pursuits, including the prestigious Duke of Edinburgh International Award program, earning several academic awards, contributing to esteemed clubs, and competing in the math Olympics, where I achieved a remarkable second-place finish in my first year.

Online course in Data Science

MIT - Remote

September 2024 to February 2025

I expanded my skills through an MIT-certified online course in data science and machine learning, where I applied theoretical knowledge to real-world projects, including building a recommendation system for Amazon products, predicting potential customers, and analyzing FoodHub order data to drive business insights.

Middle school education

Great Oaks Legacy Downtown Middle School - Newark, NJ

August 2022 to June 2023

I successfully balanced academics, soccer, and creating a programming club, ultimately becoming valedictorian of my middle school class. Through these experiences, I developed valuable skills in teamwork, leadership, and time management.

Groups

NSHSS

July 2024 to Present

NSHSS is a distinguished academic honor society, committed to recognizing and serving the highest-achieving student scholars in more than 26,000 high schools

Duke Of Edinburgh International Awards

February 2024 to Present

The Duke of Edinburgh's International Award is the world's leading youth achievement award, equipping young people for life. The Award is available for all young people aged 14 to 24, regardless of their background, culture, physical ability, skills, and interests. It is a fully inclusive program and has no social, political, or religious affiliations.
